

# Instructions for Using Hawaii Tele-Claim

## Introduction

Welcome to Hawaii Tele-Claim. This service is a computer-based interactive voice response system that is fast and easy to use.

You can use this service to:

- File a new claim, an additional claim, or reopen an existing claim.
- File weekly or biweekly claim certifications. If you choose this option, you can also:
  - Obtain information about your claim and the status of the last 4 weeks you filed for.
  - Change your Personal Identification Number.
  - Change your Name, mailing address, and/or telephone number.

If you are *not* a U.S. citizen, you should have your alien registration number available.

When filing a new claim, you will need to provide information on all of your employers in the past 18 months, such as the employer's name, address, zip code, phone number, dates of employment, and reason for separation. If you were in the U.S. military in the past 18 months, you should have your DD-214 (Member 4) available. If you worked for the federal government in the past 18 months, you should have your Standard Form 8 available. (If you do not have your Standard Form 8, you should have your Standard Form 50 or pay stubs available.)

**Remember:** Your claim starts from the Sunday of the week in which it is filed. If you delay and do not file immediately, you will not receive credit for past weeks. Your claim will start only from the week in which you file.

**Comment:** (If you do not have the above information available, you should call anyway to complete the first part of the claim filing process by answering the questions asked by the interactive voice response system. Remain on the line until you receive instructions on calling back again to provide information to a Customer Service Representative to complete the claim filing process.)

When you call the Hawaii Tele-Claim service, you will hear "*Welcome to Hawaii Tele-Claim*" and be asked to verify that you have a touch-tone telephone. If you do not have a touch-tone telephone or touch-tone service, or do not speak English, remain on the line for further instructions. If you are hearing-impaired and using Telecommunications Relay Service, ask the assistant to select Option 2.

**Comment:** Our telephone service can be used only with a touch-tone telephone. If your phone has a tone/pulse switch, be sure it is set to tone. If you do not have a touch-tone telephone or touch-tone service, you can use a pay phone or borrow a phone from family or friends.

You will then hear the following menu of options:

## Filing Weekly / Bi-Weekly Claim Certifications

### Hours and Services

After you have filed a new, additional, or reopen claim, you will use the Hawaii Tele-Claim Service to claim benefits on a weekly or biweekly basis.

The telephone service is available 7 days a week Sunday through Saturday from 6:30 a.m. to midnight, Hawaii Standard Time. Periodically, however, the telephone service may be unavailable on Fridays and Saturdays due to scheduled maintenance. To avoid filing your claim certifications late, you are encouraged to file on Sundays or as early as possible during the week.

#### Claim Certifications

Call **643-2222** anywhere in Hawaii  
or **1-877-215-5791**  
toll-free outside the State of Hawaii

Sunday through Saturday from 6:30 a.m. to midnight,  
Hawaii Standard Time

If you are hearing-impaired, call your  
Telecommunications Relay Service and ask the  
assistant to call 643-2222.

**Note:** If you are not calling from the United States, Canada, Puerto Rico, or the Virgin Islands, your call to Hawaii Tele-Claim cannot be completed, as claims are not allowed from countries with which we have no reciprocal claim filing agreements.

### Hawaii Intrastate claimant filing from out-of-State.

If you were filing your claim certifications in Hawaii but are calling from out-of-State to file a weekly or bi-weekly claim, because you are temporarily out-of-State or plan to relocate, you can file your weekly or bi-weekly claim certification via telephone. Call toll-free **1-877-215-5791**. However, after your claim certification is filed, you must stay on the line to be transferred to a Customer Service Representative to clarify your status and change to an interstate claim if necessary.

### Liable Interstate claimant filing from within Hawaii

If you were filing from another State, the District of Columbia, Canada, Puerto Rico, or the Virgin Islands,

and you are now in Hawaii and wish to file your claim certifications, you can call **643-2222**. However, after your claim certification is filed, you must stay on the line to be transferred to a Customer Service Representative to clarify your status and to change to an intrastate claim if necessary.

### Your Personal Identification Number (PIN)

To use the telephone service, you need a Social Security Number and a Personal Identification Number (PIN).

Your PIN is a 4-digit number that is used with your Social Security Number to identify you when you use the telephone service. It protects you from having someone else file your claim. Do not disclose it to anyone.

Your local office will issue you a temporary PIN when you file a new, additional, or reopen claim, or if you were filing for benefits when the telephone service was implemented. If you do not have a PIN, please call your claims office.

When you access the telephone service, you will be asked to enter your Social Security Number and your PIN. If you are using a temporary PIN, the telephone service will automatically route you to a process to change your temporary PIN to a confidential PIN of your own choosing. To create your own PIN, enter a 4-digit number that you can remember but which cannot be easily guessed.

If you think someone else knows your PIN, call Hawaii Tele-Claim and select the option to change your PIN. (Note: PIN changes can be made only from 6:30 a.m. to 6:00 p.m.)

If you have forgotten your PIN, you can still use Hawaii Tele-Claim. After you have entered your Social Security Number and are asked to enter your PIN, press the # (pound) key. You will then be transferred to a Customer Service Representative for assistance.

### Preparing for the Call

You should know the weekending date of the week or weeks that you will be claiming for. Refer to the weekending dates printed on the three-part claim certification form that is mailed to you whenever you file a claim certification. If you are a biweekly filer, be sure to file for both weeks.

If you are current with your claim filing, the Hawaii Tele-Claim Service will speak the weekending date of the week you should be filing for and ask if you wish

to file for that week. Generally you should press 1 (Yes) to accept the weekending date being offer. (If you press 9 (No) you will be asked to enter a date using six digits. If you are unable to correctly enter a valid date, remain on the line so you can be transferred to a Customer Service Representative for assistance, or call your local office for assistance.)

If you filed a new, additional, or reopened claim, the claims taker should have advised you of the weekending date(s) you should file for. If you are not sure of the weeks that you should be filing for, contact your claims office for assistance.

If you are filing a weekly or biweekly claim, you must have the following information to complete your claim certification:

1) If you worked during the week, the total number of hours that you worked for all employers including National Guard/military drill, self-employment, and any part-time or full-time job.

2) Your gross earnings (before any deductions, whether you were paid or not) for each employer you worked for during the week that you are claiming, including weekend drill or training for National Guard or military reserves, and any part-time or full-time job. Be sure to include remuneration for services from any source, including commissions and bonuses, tips or gratuities, and the cash value of all remuneration in any medium other than cash such as board or lodging.

3) The start date if you started working for a new employer during the week that you are claiming.

4) The amount of deductible income (such as residual pay, commissions, and back pay) you received during the week(s) you are claiming. Include any holiday or vacation pay even though you have not yet been paid.

**Note:** If you work part-time for the State Department of Education in different positions (tutor, A+ program, etc.) and/or for different schools, the telephone service will ask you only once if you work for the State Department of Education. You must therefore add up your earnings for all the work that you did in all positions and/or all schools during the week and enter the total amount when you are asked to enter your gross earnings for the week you are claiming.

5) If you were self-employed during the week, the total number of self-employment hours you worked during the week.

6) If you have a Total or Part-total claim, the number of job contacts you made during each week that you are filing for.

7) If you were advised to register for work with the Workforce Development Division and to furnish your occupation code when you file your claim certification, your 9-digit occupation code. If you do not have the above information, you will need to obtain the necessary information and call back to file your claim certification(s).

If you worked for more than one employer (including military service, self-employment, etc.) during the week, you can use the **Worksheet To Compute Hours And Earnings**, which is provided at the end of this booklet, to record and calculate the hours you worked and your gross earnings that you will need to enter when you file your claim certification via the Hawaii Tele-Claim service.

### Completing and Certifying for Weekly or Biweekly Claim Certifications

After you have entered your Social Security Account Number, Personal Identification Number (PIN), and agreed to the claim filing requirements, you will need to answer the following questions for each week that you file a claim certification by telephone:

- Did you perform any work during the week such as self-employment, weekend drill or active duty for the National Guards or Reserves, or a part-time or full-time job? (If you answer that you did work, you will then be asked to enter the total number of hours that you worked during the week, and the gross wages for National Guard/Reserves, and/or any new employment. You will also need to answer questions relating to self-employment, if any.)
- Did you receive residual pay, commissions, or other deductible income such as back pay, holiday pay or vacation pay?
- Did you refuse any work or referral to work?
- Were you physically able to work?
- Were you available for work?
- Did you look for work? (You will not be asked this question if you are a partial claimant.)
- How many employers did you contact for work during the week? (You will not be asked this question if you are a partial claimant.)

- Did you maintain a record of job contacts made during the week? (You will not be asked this question if you are a partial claimant.)
- If you are still employed by one or more regular or part-time employers (a Partial or Part-total claimant), you will also be asked for the following information regarding each of those employers:
  - Did you work for {your employer's name will be spoken here} during the weekending {week you are filing for}?
  - Enter the gross dollar amount earned from the employer followed by the pound (#) key
  - Did you accept all work offered by {your employer's name will be spoken here} during the week?
  - Were you still employed by {name of your employer} as of {the weekending date you are filing for}?
  - If you are separated from the employer, you will be asked to enter the reason for your separation. If you were laid off due to a lack of work, press 1. If you quit, press 2. If you were discharged, press 3. If you were suspended, press 4. Otherwise, press 5.

After you have answered all of the questions necessary to file your claim, your responses will be spoken by the telephone filing system and you will be asked to confirm whether your responses are correct. If you agree that your responses are correct, press 1. If you wish to hear your answers again, press 2. If you wish to change any of your answers, press 3, but note that you will need to re-enter all of your responses again.

If you agree that your responses are correct and you press 1 (Yes), you will then be asked to file for the week. Press 1 again to file your claim. Be sure you hear the words "Your claim for {weekending date} has been filed" to confirm that your claim was filed. Remain on the line until you hear the words "Good bye."

**Caution:** If you do not hear that your claim has been filed, no claim has been filed and you will need to call again to file your claim.

If you are filing for a biweekly period and have completed filing for the first week, press 1 (Yes) when you are asked if you wish to file for another week so you can file for the second week.

### Call Transfers

If your call needs to be transferred to a Customer Service Representative (CSR) to change your mailing address, report the name of your new employer, etc., the telephone service will inform you of the reason for the transfer and transfer you to an available CSR. If all our CSR's are busy or you are calling outside of office hours, the telephone service will provide instructions for entering a phone number where you can be reached the next business day or what you need to do if you choose to call back.

### Claim Certification Card

Even though you are filing your claim certifications via telephone, you will receive a "reminder" claim card as part of the three-part claim certification form that is mailed to you whenever you file a claim certification. The reminder claim card will display the next week or weeks that you should be filing for and the 7-day period within which you should file. Do not submit that claim card. (See the next page for more information regarding the reminder claim card.)

### The Practice Line

A telephone line is available for you to practice filing claim certifications and trying other menu options. No claims are actually filed and no record is created. For more information refer to the *Using the Practice Line* instructions following this section.

**Instructions.** If you worked for more than one employer (including military service, National Guard/Reserve training, self-employment, etc.) during the week, you can use this worksheet to compute the total number of hours worked during the week and your gross earnings. Write the Weekending Date(s) in the space provided, the Hours Worked in column A, and Hourly Pay Rate in column B. Multiply the Hours Worked by the Hourly Pay Rate and write the Gross Earnings in column C. Add up the hours in column A and write the Total Hours Worked at the bottom of the column. Enter Deductible Income, if any, in the space provided. Shaded areas do not need to be filled in. When you file your claim certifications via the Hawaii Tele-Claim service, disregard any fractions of an hour (Example: Enter 19-1/2 hrs. as 19) and disregard any cents.
